CITY OF SAN BRUNO

COMMUNITY SERVICES DEPARTMENT Facilities / Library / Parks / Recreation / Seniors Providing Quality Programs, Places & Services

To: Dog Park Users

From: San Bruno Parks & Recreation Commission

Date: December 1, 2010

RE: DOG PARK LIGHTS

Earlier this year, at the request of several residents, the Parks and Recreation Commission looked into the cost of installing lights at the Commodore Dog Park. During the televised meeting in April, the Commission reviewed options presented by City staff and stated that the project would require public donations to complete because of the City's budget status.

Even though the City has not received any donations for this project, it is still on the Parks and Recreation Commission's radar. This memo is a reminder that donations can still be made to the City towards improving the lighting at the Dog Park.

As a reminder, the options presented included the installation of a 1000-watt fixture mounted on the Pump House (approximate cost: \$3,000); installation of a second arm mounted on the existing light pole adjacent to the entrance to the Dog Park (approximate cost: \$3,500); and installation of a 15-foot pole with a 1000-watt light fixture installed near the Pump House (approximate cost: \$6,000).

If you are interested in donating towards lighting improvements, please contact the Community Services Department at (650) 616-7180. Thank you for your consideration of this project.
